Industry Circular No. 59-33

May 29, 1959

PAYMENT OF TAX ON DISTILLED SPIRITS AND RECTIFIED PRODUCTS BY RETURN

Proprietors of registered distilleries, fruit distilleries, internal revenue bonded warehouses, taxpaid bottling houses, rectifying plants, industrial alcohol plants and bonded warehouses, and others concerned:

Purpose. The purpose of this industry circular is to give you preliminary information that will help you to effectively plan for a smooth transition from the payment of tax on distilled spirits and rectified products by stamps to the payment of such taxes by return.

Background. The Secretary of the Treasury has authorized the payment of taxes on distilled spirits and rectified products by return. This method of taxpayment will be mandatory and will eliminate the use, in the United States, of distilled spirits excise tax stamps, certificates of taxpayment (Form 1595), rectified spirits package stamps, class B, and rectification tax sheet stamps. A preliminary draft of regulations for the payment of tax on distilled spirits and rectified products has been prepared and, since the new system for paying tax is to be effective June 24, 1959, we are furnishing you a copy so you may be as fully advised as possible at the earliest possible date.

General. The proposed regulations will contain the requirements for bonds and consents of surety, the procedures for determining tax and for filing returns, and other provisions necessary to a system of taxpayment by return. In order to present an orderly discussion of the proposed regulations, this circular will treat separately with four major subjects, (1) bonds and consents, (2) the general rules for returns, (3) determination and payment of tax on distilled spirits, and (4) determination and payment of tax on rectified products.

BONDS AND CONSENTS

Conferences have been held with representatives of the Surety Association of America, 60 John Street, New York 38, New York, to acquaint them with the new bonding requirements. They have assured us that they will issue instructions by June 4th so that all bonding

companies will be prepared to act expeditiously on requests for bonds conforming with the proposed regulations.

Prior to July 1

Form 2520 - Bond Covering Postponed Payment of Taxes.

Proprietors of registered distilleries, fruit distilleries, internal revenue bonded warehouses, and industrial alcohol plants and bonded warehouses will be required to file a deferral bond on Form 2520 if they intend to defer the payment of tax on distilled spirits during the period June 24 through June 30, 1959. The penal sum of the bond shall be sufficient to cover the full amount of the distilled spirits tax to be deferred during the period June 24 through June 30; the minimum penal sum of such bond will be \$1,000 and the maximum will be \$300,000. A separate bond must be given for each bonded premises; however, the proprietor of a distillery who operates an internal revenue bonded warehouse on the distillery premises, and who intends to defer the payment of tax on spirits withdrawn from bond, may give 1 bond on Form 2520 to cover withdrawals from both the distillery and the warehouse. The same procedure may be followed for industrial alcohol plants and bonded warehouses. In addition to filing bond on Form 2520, consents of surety will be required as follows:

Proprietors of internal revenue bonded warehouses who give bond on Form 2520 must also give a consent on the existing bond (Form 1571), or file a new bond on Form 1571 specifically conditioned to cover the deferral of tax. The conditioning of the existing bond or new bond will be by consent of surety on Form 1533. The wording of this consent is given in § 170.533 of the attached draft.

Proprietors of registered distilleries and fruit distilleries who give bond on Form 2520 must also give a consent on the existing bond (Form 30 or 30-1/2), or file a new bond on Form 30 or 30-1/2 specifically conditioned to cover the deferral of tax. The conditioning of the existing bond or new bond will be by consent of surety on Form 1533. The wording of this consent is given in § 170.534 of the attached draft.

Proprietors of industrial alcohol plants or bonded warehouses who give bond on Form 2520 must also give a consent on the existing bond (Form 1432A), or file a new bond on Form 1432A specifically conditioned to cover the deferral of tax. The conditioning of the existing bond or new bond will be by consent of surety on Form 1533. The wording of this consent is given in § 170.532 of the attached draft.

Proprietors of rectifying plants who, during the period June 24 through June 30, intend to defer the payment of tax imposed on rectified products by sections 5021, 5022, and 5041, I.R.C., must file a consent on the existing bond (Form 34), or file a new bond on Form 34 specifically conditioned to cover deferral of the tax. The conditioning of the existing bond or new bond will be by consent of surety on Form 1533. The wording of this consent is given in § 170.535 of the attached draft.

Periods Starting on or after July 1, 1959

Withdrawal Bonds

Form 2613 - Bond Covering Deferred Payment of Tax on Spirits Withdrawn by Proprietor of Bonded Premises.

Form 2614 - Bond Covering Deferred Payment of Tax on Spirits Withdrawn by Proprietor of Bottling Premises.

Form 2615 - Blanket Withdrawal Bond.

Note: On and after July 1, 1959, the qualification bond on Form 2601 will cover the deferral of the rectification taxes and additional wine taxes incurred on bottling premises, and no additional bond will be required to defer payment of these taxes.

Proprietors of bonded premises of distilled spirits plants shall, unless blanket bond on Form 2615 is filed, file a withdrawal bond on Form 2613 to defer the payment of tax on distilled spirits withdrawn by them from their bonded premises on and after July 1, 1959. The penal sum of the bond on Form 2613 shall be sufficient to cover the full amount of tax which at any one time has been determined and is chargeable against such bond but has not been paid. The minimum penal sum shall be \$1,000, and the maximum shall be \$1,000,000. (Note: The block in the upper right corner of Form 2613 indicating the form may be filed as a blanket bond is in error as Form 2613 may not be used as a blanket bond. See the paragraph discussing the Form 2615 bond, which has been devised for this purpose.)

Proprietors of bottling premises of distilled spirits plants shall, unless blanket bond on Form 2615 is given, file a withdrawal bond on Form 2614 to defer the payment of tax on distilled spirits withdrawn by them from bonded premises on and after July 1, 1959, on determination, but before payment, of tax. The penal sum of bond on Form 2614 shall be sufficient to cover the full amount

of tax which at any one time is chargeable against such bond but has not been credited. The minimum penal sum shall be \$1,000, and the maximum shall be \$1,000,000. (Note: The block in the upper right corner of Form 2614 indicating the form may be filed as a blanket bond is in error as Form 2614 may not be used as a blanket bond. See the paragraph discussing the Form 2615 bond, which has been devised for this purpose.)

Bond on Form 2615 may be given by proprietors of distilled spirits plants who would otherwise need to give more than one bond on Form 2613 and/or Form 2614 in the same region. The penal sum of bond on Form 2615 should be equal to the totals of the penal sums which would have been required if separate bonds on Forms 2613 and/or Forms 2614 had been given.

RETURNS

Form 2521 - Prepayment Return - Distilled Spirits Tax

Form 2522 - Deferred Payment Return - Distilled Spirits Tax

Form 2523 - Rectifier's Return - Prepayment of Taxes

Form 2527 - Rectifier's Return - Deferred Taxes

General. All taxes on distilled spirits withdrawn from internal revenue bond will be paid by a semimonthly return (Form 2522) or by a prepayment return (Form 2521), and all taxes on rectified products will be paid by a semimonthly return (Form 2527) or by a prepayment return (Form 2523). During the period June 24 through June 30, 1959, the application for withdrawal of distilled spirits from bonded premises (and payment of the tax by return) may be made only by the proprietor of a registered distillery, fruit distillery, internal revenue bonded warehouse, industrial alcohol plant, or industrial alcohol bonded warehouse. On and after July 1, 1959, withdrawal of distilled spirits from bonded premises (and payment of the tax by semimonthly return) may be made either by the proprietor of bonded premises or by the proprietor of bottling premises.

Period of return. The basic semimonthly periods for the returns run from the 9th through the 23rd of one month and from the 24th of one month through the 8th of the next month. Because of the change in law effective July 1, 1959, the regulations will provide a special rule for the period June 24 through July 8, 1959, which will require separate returns to cover the period June 24 through June 30 and the period July 1 through July 8. Thus, a proprietor who defers both the tax on distilled spirits withdrawn from bond and the tax on rectified products during the period June 24 through July 8, 1959, must file two returns on Form 2522 and two returns on Form 2527. Although two separate returns for each tax will be made for

this basic return period, both will be filed within three business days after July 8, and a single remittance may be given to cover the two returns for each tax.

Time for filing return. The semimonthly returns (Forms 2522 and 2527) must be filed not later than three business days after the close of the return period. Note that the regulations will define a "business day" as any day other than a Saturday, Sunday, or legal holiday. Thus, for example, returns for the first period (June 24 through July 8) need not be filed until July 13, as Saturday, July 11, and Sunday, July 12, are not "business days." The prepayment returns (Forms 2521 and 2523) must, as the term implies, be filed with remittance, before the spirits are released.

Where to file returns. The regulations will require the returns to be filed with either an internal revenue officer or the district director, as instructed by your assistant regional commissioner. Where the assistant regional commissioner instructs you to file your returns with the office of the district director, you should file them with the same office from which you have been obtaining tax stamps. Where the returns are filed with an internal revenue officer, that officer will transmit them to the office of the district director from which you have been obtaining tax stamps. //

Form of remittance. The regulations will provide for the types of remittances which may be submitted with returns. Personal checks will ordinarily be acceptable; however, a proprietor in default will be required to pay in cash, or by a certified, cashier's or treasurer's check, or by a money order. Note that in all cases where the remittance is in cash, the regulations will require the return and the remittance to be filed directly with the office of the district director.

Reporting of deferred tax. (a) Distilled spirits. Where the payment of tax on distilled spirits is postponed under a bond, such tax will, except as noted below for proprietors of bottling premises, be included for payment on the return, Form 2522, for the period in which falls the date the spirits were released for withdrawal on determination of tax. An exception to this may be found where payment of the tax is postponed under a withdrawal bond given by a proprietor of bottling premises. Under most circumstances, where the bottling premises to which the spirits are withdrawn are near the bonded premises from which withdrawal is made, the spirits will be received by the bottler on the date of withdrawal. He will, in such cases, include the spirits on his return, Form 2522, for the period which covers that date. Where the bonded premises are remote from the bottling premises, the spirits may not be received until

several days after withdrawal. In that case, the bottler will include the spirits on his return, Form 2522, for the period which covers the date of receipt; however, if the time of transportation is 21 days or more, he must include the spirits on his return which covers the 21st day after the spirits were released for withdrawal on determination of tax.

(b) Rectified products. Where the time for payment of tax on rectified products is postponed, such tax will be included for payment on the return (Form 2527) for the period in which falls the date the tax on the rectified product was determined.

DETERMINATION AND PAYMENT OF TAX ON DISTILLED SPIRITS

Procedures for taxpayment. The procedures for withdrawing spirits from bond subject to tax will be generally the same as they now are except that, instead of canceling and surrendering distilled spirits excise tax stamps or procuring a certificate of taxpayment (Form 1595) after the internal revenue officer has computed the tax on the spirits, the proprietor of the bonded premises will either:

- (1) execute on the withdrawal form (Form 1440, 179, or 1519) an agreement to pay the tax found due; or
- (2) attach to the withdrawal form a Form 2608 on which the bottler has executed his agreement to pay the tax found due; or
- (3) file a prepayment return (Form 2521), with remittance, (Note that the procedure in (2) for use of Form 2608 will not be possible until July 1.)

When the internal revenue officer has received the required agreement to pay, or the tax has been prepaid, he will issue wholesale liquor dealer's stamps, where needed.

Wording of proprietor's statement and of internal revenue officer's certificate. The regulations will provide that the proprietor's statement agreeing to pay the tax and the internal revenue officer's certificate shall be stamped by the proprietor on the reverse of the withdrawal form (Form 179, 1440, or 1519). The wording of the proprietor's statement is given in § 170.554 of the attached draft. The wording of the internal revenue

officer's statement varies, depending on whether (1) the proprietor of bonded premises has executed the agreement to pay on the withdrawal form, or (2) the proprietor of bottling premises has executed the agreement to pay on Form 2608, or (3) the tax has been prepaid. The wording of these three certificates is given in § 170.556 of the attached draft.

Methods of paying tax. Under the return system there will be several methods of paying the tax on distilled spirits.

(a) Tax may be deferred and paid by semimonthly return --

- (1) filed by a proprietor of bonded premises, in his capacity as such, who has given a bond, Form 2520 (for the period before July 1) or Form 2613 or 2615 (for the period starting July 1), or
- (2) filed by a proprietor of bottling premises, in his capacity as such, who has given a withdrawal bond, Form 2614 or 2615, and who has made application on Form 2608 for withdrawal of the spirits from bond.

(Note that the method in (2) will not be possible until July 1.)

(b) Tax may be prepaid by the proprietor of the bonded premises from which the spirits are withdrawn.

Proprietors of bottling premises may not, in their capacities as such, prepay the tax on spirits withdrawn from bond. These proprietors may, however, withdraw spirits on which the tax is prepaid, but in such a case the proprietor of the bonded premises must file the prepayment return. Proprietors of bottling premises should not have payment of the tax on spirits removed to their premises deferred under a bond given by a principal in his capacity as a proprietor of bonded premises, as spirits so removed will not be eligible for bottling losses under section 5008(c), I.R.C. Note also that, on and after July 1, a proprietor of a distilled spirits plant having both bonded premises and bottling premises might be required to file two separate returns on Form 2522 - one in his capacity as proprietor of bonded premises to cover tax on spirits which are not shipped to his bottling premises, and the second in his capacity as proprietor of bottling premises to cover tax on spirits withdrawn to his bottling premises.

DETERMINATION AND PAYMENT OF TAX ON RECTIFIED PRODUCTS

Procedures for taxpayment. The procedures for determining the tax on rectified products will be generally the same as they now are except that, instead of canceling rectification tax sheet stamps or obtaining class B rectified spirits package stamps, the proprietor of the rectifying premises will either, (1) execute on Form 237 an agreement to pay the tax found due, or (2) file a prepayment return, Form 2523, with remittance, before the rectified products are bottled, or packaged, or otherwise removed from the tank in which gauged for determination of tax. Where rectified products are to be removed in packages or other containers which are required to bear a stamp, the internal revenue officer will, after the agreement to pay has been executed or the tax has been prepaid, issue wholesale liquor dealer's stamps as needed.

Wording of proprietor's statement and of internal revenue officer's certificate. The regulations will provide that the proprietor's statement agreeing to pay the tax and the internal revenue officer's certificate shall be stamped by the proprietor in an unused space on Form 237. The wording of the proprietor's statement is given in § 170.562 of the attached draft. The wording of the internal revenue officer's certificate is given in § 170.563 of the attached draft.

Methods of paying tax. Under the return system the tax on rectified products will be paid either by semimonthly return, Form 2527, or by prepayment return, Form 2523.

Miscellaneous

Prepayment of tax. Where a proprietor has not filed the required bonds or consents of surety, or where his withdrawal bond is in an insufficient penal sum, or where he is in default in any payment of tax on distilled spirits or rectified products, no distilled spirits may be removed from bond subject to tax, or no rectified products may be bottled, packaged or removed, until the tax found due has been prepaid.

Redemption of stamps. On and after June 24, 1959, distilled spirits excise tax stamps and rectification tax sheet stamps can not be used to pay the tax on distilled spirits and rectified products. The regulations will contain provisions for the redemption of these stamps.

Inquiries. Inquiries in regard to this circular should refer

Scope

§ 170.501 Scope of subpart.

The regulations in this subpart prescribe temporary rules for payment, by proprietors of establishments qualified under chapter 51, Internal Revenue Code, of internal revenue taxes imposed with respect to distilled spirits and rectified products, and temporary procedures relating thereto. When used in this subpart, the terms "distilled spirits" and "spirits" shall be deemed to be synonymous and include "alcohol."

§ 170.502 Forms prescribed.

The Director, Alcohol and Tobacco Tax Division, is authorized to prescribe all forms required by this subpart. All of the information called for in each form shall be furnished, as indicated by the headings on the form and the instructions thereon or issued in respect thereto, and as required by this subpart.

§ 170.503 Meaning of terms.

When used in this chapter and in forms prescribed under this chapter, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meaning ascribed in this section or in the part of this chapter (such as Part 182, Part 201, Part 220, Part 221, Part 225, Part 230, or Part 235) under which the taxpayer conducts his operations. In the event a term which is defined in this section is defined elsewhere in this chapter, the definition contained in this section shall be controlling in respect to the use of the term in this subpart.

Assigned officer. The internal revenue officer assigned to duty at a particular establishment qualified under this chapter.

Business day. Any day other than a Saturday, Sunday, or a legal holiday (in the District of Columbia or a Statewide legal holiday in the particular State in which the return is required to be filed).

Determined. When used with respect to tax on distilled spirits withdrawn from internal revenue bond, shall mean that all things (other than packaging, marking, and stamping incident to removal) required by law or regulations to be done before such spirits are removed from the bonded premises (and culminating in execution by the internal revenue officer of his certificate of tax determination) have been completed. When used in reference to taxes with respect to rectified products, shall mean that the taxable quantity of spirits or wines has been established, and the tax payable with respect thereto has been calculated as prescribed in this chapter.

Proprietor. The proprietor of a distilled spirits plant (bonded premises or bottling premises), registered distillery, registered fruit distillery, industrial alcohol plant, internal revenue bonded warehouse, industrial alcohol bonded warehouse, rectifying plant, or taxpaid bottling house (as the case may be) qualified under the provisions of this chapter. References to proprietors of bonded premises shall include proprietors of registered distilleries, fruit distilleries, internal revenue bonded warehouses, industrial alcohol plants, and industrial alcohol bonded warehouses, where applicable. References to proprietors of bottling premises shall include proprietors of rectifying plants and taxpaid distilled spirits bottling houses where applicable.

Release number. The serial number, beginning with "1" on June 24, 1959, and on each January 1 thereafter, assigned by the proprietor for each withdrawal form (Form 179, 1440, or 1519) submitted for release of spirits and marked by him on each copy of such forms immediately above the internal revenue officer's certificate of tax determination required under § 170.556.

Taxes on rectified products. For the purpose of this subpart, are the taxes imposed by sections 5021, 5022, and 5041, I.R.C., on products manufactured on bottling premises (or rectifying plant premises).

Taxpaid. When used with respect to distilled spirits or rectified products shall mean that all applicable taxes imposed by law in respect of such articles have been determined as provided in this chapter.

Withdrawal form. The form (179, 1440, 1519) submitted by proprietors of bonded premises as application for withdrawal of spirits on determination of tax.

General

§ 170.511 Payment by return.

Notwithstanding any other provisions of this chapter relating to the payment (by proprietors of establishments qualified under chapter 51, Internal Revenue Code) of taxes on distilled spirits and rectified products, by distilled spirits excise tax stamps, rectification tax sheet stamps, certificates of taxpayment, or otherwise, such taxes shall, on and after June 24, 1959, be paid and collected on the basis of a semimonthly or prepayment return as provided in this subpart.

§ 170.512 Bond and consent required - distilled spirits tax.

Where spirits are to be withdrawn on determination of tax, the tax thereon shall be paid before the spirits are removed from the bonded premises unless the proprietor making application for the withdrawal (Form 2608 in the case of spirits withdrawn to bottling premises) has furnished bond on Form 2520, Form 2613, Form 2614, or Form 2615, as the case may be, to secure payment of the tax. In addition, before July 1, 1959, proprietors who desire to withdraw spirits on determination and before payment of tax (applicable to proprietors of bonded premises only) must file consent of surety on existing bonds as provided in § 170.532, 170.533, or 170.534, as the case may be.

§ 170.513 Consent required - deferral of payment of tax on rectified products.

Where a proprietor of bottling premises intends before July 1, 1959, to use, or remove from his rectifying or bottling premises, spirits or wines subject to tax under section 5021, 5022, or 5041, I.R.C., before payment of such tax, he must have filed consent on his bond, Form 34, as provided in section 170.535. On and after July 1, 1959, the payment of such taxes shall be secured by bond, Form 2601.

§ 170.514 Remittances.

Remittance for the tax in full shall accompany the return on Form 2521, 2522, 2523, or 2527, as the case may be, and may be in any form which the district director is authorized to accept under the provisions of § 301.6311-1 of this chapter and which is acceptable to him: Provided, That where a check or money order tendered in payment for taxes is not paid on presentment, or where the proprietor is otherwise in default in payment, any remittance made during the period of such default, and until the assistant regional commissioner finds that the revenue will not be jeopardized by the acceptance of a personal check (if acceptable to the district director), shall be in cash or in the form of a certified, cashier's, or treasurer's check drawn on any bank or trust company incorporated under the laws of the United States, or under the laws of any State, Territory, or possession of the United States, or a money order as defined in § 301.6311-1 of this chapter. Checks and money orders shall be made payable to "Internal Revenue Service."

§ 170.515 Stamping containers removed on determination of tax.

Where containers of spirits, other than cases of stamped bottles, are to be removed from bonded premises on determination of tax, each such container shall have a wholesale liquor dealer's stamp affixed thereto. Stamps shall not be affixed to tanks of such spirits to be removed by pipeline. The provisions of Part 182, 220, 221, or 225, as the case may be, relating to wholesale liquor dealer's stamp procedures are hereby made applicable to the issuance and use of wholesale liquor dealer's stamps under this subpart.

§ 170.516 Stamping containers of rectified spirits.

Each container of distilled spirits containing 5 wine gallons or more which is filled on bottling premises for removal therefrom shall have securely affixed thereto a wholesale liquor dealer's stamp. Stamps shall not be affixed to tanks of spirits to be removed by pipeline. The provisions in Part 230 or Part 235, as the case may be, relating to the issuance, affixing, and canceling of wholesale liquor dealer's stamps are hereby made applicable to the issuance and use of such stamps under this subpart.

§ 170.517 Taxable samples.

The tax on samples of distilled spirits withdrawn from bonded premises during the period June 1 through June 23, 1959, shall be paid pursuant to Form 1615 in accordance with the provisions of the applicable regulations in this chapter. The tax determined on samples withdrawn from bonded premises on and after June 24, 1959, shall be paid by return on Form 2522. Form 1615 shall be executed for each return period and shall be attached to the return for such period.

§ 170.518 Imported spirits.

When imported spirits (transferred to bonded premises pursuant to section 5311 (68A Stat.658), or 5232 (72 Stat. 1366), I.R.C., as applicable) are withdrawn for beverage purposes, there shall be paid, in addition to the basic internal revenue tax imposed by section 5001(a)(1), I.R.C., a tax equal to the duty which would have been paid had the spirits been imported for beverage purposes, less the duty already paid thereon. The additional tax shall be referred to as "additional tax -- less duty," and shall be paid at the same time and in the same manner as the basic internal revenue tax on distilled spirits. The total quantity in proof gallons (or wine gallons if below proof) withdrawn shall be the basis of computing the tax at the rates indicated. The amount of the "additional tax -- less duty" shall be stated separately and identified as such on the withdrawal form.

The proprietor shall execute and file a return, Form 2522 or 2527, as applicable, covering each return period notwithstanding that no tax is due for payment for such period.

§ 170.573 Filing of returns and payment of distilled spirits tax.

Industry Circular No. 59-34

SEMIMONTHLY WINE TAX RETURN SYSTEM

Proprietors of bonded wine cellars
and others concerned:

Purpose. The purpose of this industry circular is to give you preliminary information that will help you to effectively plan for a smooth transition from the payment of tax on wine by daily return to the payment of such tax by semimonthly return.

Background. The Secretary of the Treasury has authorized the payment of tax on wine by semimonthly return. This system of tax-payment will be mandatory, except where a winemaker is in default of any payment of the tax on wine or does not have on file a deferral bond in sufficient penal sum, in which instances, the tax must be prepaid. A preliminary draft of regulations for the payment of tax on wine by semimonthly return has been prepared and, as the new system is to be effective June 24, 1959, we are furnishing you a copy so you may be as fully advised as possible at the earliest possible date.

General. The proposed regulations will contain requirements for bonds and consents, procedures for filing returns, and other provisions necessary to the semimonthly return system. Conferences have been held with representatives of the Surety Association of America, 60 John Street, New York 38, New York, to acquaint them with the new bonding requirements. They have assured us that they will issue instructions by June 4th so that all bonding companies will be prepared to act expeditiously on requests for bonds conforming with the proposed regulations.

Bond requirements. The regulations will require that the penal sum of a wine tax deferral bond (Form 2053) shall be not less than the tax on the maximum quantity of wine to be removed for consumption or sale during any semimonthly return period, but shall not be more than \$250,000. If the penal sum of your tax deferral bond (or bonds) in force on June 23, 1959, is not sufficient to meet these requirements, you must file a new bond or a strengthening bond. If the penal sum of your tax deferral bond (or bonds) in force on June 23, 1959, is sufficient, a new bond need not be filed, but in such instance, and also when a strengthening bond is filed, you must file a consent of surety, Form 1533, extending the terms of the bond (or bonds) in force June 23, 1959, to cover transactions after that date. The Form 1533 should properly identify the bond affected thereby and contain the statement of purpose as given in § 170.454 of the attached draft.

Period of semimonthly return. The semimonthly periods for the returns run from the 9th through the 23rd of one month and from the 24th of one month through the 8th of the next month. You must file a return, Form 2050, even though you did not remove wine for consumption or sale during a return period and regardless of whether any or all of the tax for the period has been prepaid. You will enter in schedule D of the return, the quantities of wine by taxable grades removed daily for consumption or sale during the period covered by the return and the aggregate of such daily totals in schedule A. Any wine on which the tax was prepaid during the period covered by the return will be reported in schedule C as an adjustment decreasing the tax. The serial numbers of the prepayment returns will be shown in schedule C.

Time for filing semimonthly return. The semimonthly return must be filed not later than three days (excluding Saturdays, Sundays, and legal holidays) after the close of the return period. Thus, for example, returns for the first period (June 24 through July 8) need not be filed until July 13, as Saturday, July 11, and Sunday, July 12, would be excluded.

Prepayment return. The regulations will require that the tax on wine must be prepaid on Form 2052, if the penal sum of your tax deferral bond (or bonds), Form 2053, is not sufficient to cover all taxes due for the return period, or if you are for any reason in default in your payments of tax on wine. Unless you are in default in a payment of wine tax, prepayment will not be required where the taxes due are not in excess of \$100 (covered by your bond, Form 700), or where your tax deferral bond (or bonds), Form 2053, is in a sufficient penal sum.

Preparation and disposition of returns. You will prepare your returns, Forms 2050 and 2052, in quadruplicate, forward or deliver the original and two copies (with remittance) to the district director and, at the same time, forward one copy to your assistant regional commissioner.

Form of remittance. No change has been made in the rules governing the form of remittances which must accompany your returns. Thus, you will continue to be guided by the provisions of Part 240 in this respect.

Inquiries. Any inquiries regarding this industry circular should refer to its number and be addressed to the office of your assistant regional commissioner (alcohol and tobacco tax).

§ 170.451 Scope of subpart.

This subpart provides temporary regulations for payment by proprietors of bonded wine cellars qualified under chapter 51, I.R.C., of the internal revenue taxes imposed on wines, and temporary procedures relating thereto.

§ 170.452 General.

Notwithstanding any other provision of Part 240 of this chapter relating to the payment of taxes on wines by proprietors of bonded wine cellars qualified under chapter 51, I.R.C., such taxes determined, on and after June 24, 1959, shall be paid and collected on the basis of a semimonthly or prepayment return as provided in this subpart.

§ 170.453 Meaning of terms.

When used in this subpart and in forms prescribed under this subpart, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof, terms shall have the meaning ascribed in Part 240 of this chapter.

§ 170.454 Penal sum of tax deferral bond, Form 2053:

The maximum penal sum of a tax deferral bond, Form 2053, (or the total penal sums where original and strengthening bonds are filed) shall be not less than an amount equal to the tax on the maximum quantity of wine to be removed for consumption or sale during any semimonthly return period, but shall not be more than \$250,000. Where a tax deferral bond (or bonds), Form 2053, in force on June 23, 1959, is not in a sufficient penal sum to meet the requirements of this subpart, a new bond or strengthening bond shall be filed in accordance with the provisions of Part 240 of this chapter. Where a tax deferral bond (or bonds) in force on June 23, 1959, is in a sufficient penal sum, a new bond need not be filed: Provided, That a consent of surety, Form 1533, shall be filed extending the terms of the bond (or bonds) in force on June 23, 1959, to cover transactions after that date. The Form 1533 shall properly identify the bond to which it applies and contain the following statement of purpose:

To continue in effect said bond (including all extensions or limitations of such terms and conditions previously consented to and approved) on and after June 24, 1959, notwithstanding that the time for deferral of payment of the tax on wine removed for consumption or sale will be changed from a period of one day to a semimonthly period.

(68A Stat. 663; 26 U.S.C. 5354)

Payment of Tax

§ 170.455 Semimonthly returns.

The quantities of wine by taxable grades removed daily for consumption or sale during the period covered by the return and the aggregate quantities thereof, shall be reported on the tax returns, Form 2050, prepared in quadruplicate. All entries in the return shall be fully supported by accurate and complete records satisfactory to the assistant regional commissioner. The proprietor shall include for payment on his return, Form 2050, the full amount of tax required to be determined (and not prepaid) on all wine removed daily from the bonded wine cellar premises (or transferred to a taxpaid room on the premises) for consumption or sale during the period covered by the return. Prepayments of tax on wine during the period covered by the return shall be separately shown thereon. The proprietor shall file a tax return, Form 2050, with remittance for the full amount of tax due, semimonthly, covering the period from the 9th day of a month through the 23rd day of the same month and the period from the 24th day of a month through the 8th day of the next succeeding month. The tax return shall be filed not later than the close of the 3rd calendar day next succeeding the 8th or 23rd calendar day of the month, as the case may be, excluding any Saturday, Sunday, or legal holiday of the District of Columbia or any statewide legal holiday of the State in which the return is required to be filed: Provided, That the return for the period ending on June 23rd of each year shall be filed not later than the close of the 2nd next succeeding calendar day after June 23rd, excluding any Saturday, Sunday, or a legal holiday of the District of Columbia or a statewide legal holiday of the particular State in which the return is required to be filed. A return shall be filed covering each return period even though no wine was removed for consumption or sale during the period.

§ 170.456 Proprietor in default; prepayment of tax.

Where a check or money order tendered in payment of taxes on wine is not paid on presentment, or where the proprietor is otherwise in default in payment of tax under § 170.455, no wine shall be removed for consumption or sale until the tax has been paid as provided in § 170.457, for the period of such default and until the assistant regional commissioner finds the revenue will not be jeopardized by payment of tax as provided in § 170.455. Any remittance made during the period of such default shall be in cash or in the form of a certified, cashier's, or treasurer's check drawn on any bank or trust company incorporated under the laws of the United States, or under the laws of any State, Territory, or possession of the United States, or money order as defined in § 301.6311-1 of this chapter.

§ 170.457 Prepayment of tax.

Where a proprietor is required to prepay tax under § 170.456, or the penal sum of any tax deferral bond, Form 2053, (or the total penal sums where original and strengthening bonds are filed) is insufficient for deferral of payment of tax on wine to be removed for consumption or sale, the proprietor shall, before removal of the wine, file with the district director a wine tax return, Form 2052, with remittance: Provided, That where an approved tax deferral bond is not on file the tax need not be prepaid where the total amount of tax unpaid does not exceed \$100. The return, with remittance, shall be filed by forwarding or delivering it to the district director before the wine is removed for consumption or sale. For the purpose of complying with this section, the term "forwarding" shall mean deposit in the United States mail, properly addressed to the district director.

(68A Stat. 614, 777; 26 U.S.C. 5061, 6311)

§ 170.458 Date of mailing and delivering of returns.

Where the return, Form 2052 or Form 2050, as the case may be, and remittance are delivered by United States mail to the office of the district director, the date of the official postmark of the United States Post Office stamped on the cover in which the return and remittance were mailed shall be deemed to be the date of delivery of such return and remittance.
